

February Pueblo Levee Mural Submissions

1. Tia Monson 24 x 36 Classic Bike Race Poster with City of Pueblo

Artist Narrative-This poster design was for the past race and was commissioned by the Mayor and City of Pueblo. I have been asked to paint this on the Pueblo Levee. This will be my 8th mural on the levee since we started.

Laura Acevedo
Sponsored by the city of Pueblo

2. Shannon Powers 24 x 60 "Keep it Clean it's all Down Stream" Artist's Narrative-I was the artist chosen by the Pueblo City and County Storm Water managers for my design to go on the Pueblo Levee to get the community to think about keeping our water lands clean in a fun way. And encourage people to respect the river and trails.

3. Austin Cole-"Left Meets Right" 24 ft x 36

This painting represents where the left brain meets the right. The straight black lines and right-angle shapes represent the left brain. The vibrant colors, splatters, drips, and nontraditional shapes represent the right brain. Our brains are a fantastic mix of creativity and logic and this piece serves as a visualization of that concept.
