

March 2023 Mural Designs

1. [Shannon Palmer](#)-"Johnny's Boiler" Historic Mural 28 x 60ft (1,680 sq. ft.)

Johnny's Boiler was founded in 1946, over 77 years ago metal crafting and fabricating for our community of farmers, ranchers, railroad, and beyond. This mural is a historic representation of metal workers from the 1940's to the present day for people around the country. The background of this mural is inspired by a lot of the original machinery and metal works in the boiler shop to this day.

2. [Joel Carpenter](#)-"River Breeze" 28 x 36 (1,008 sq. ft.)

The flow of the river, the rush of the wind, and the radiance of the sun. The rhythms of nature are the rhythms of our souls.
