

December Pueblo Levee Art Submissions to PCD Board

1. **Tia Monson "Dragon" 24 x 36**

I am so inspired by creating fantasy and this dragon is totally from my imagination and can't wait to bring it alive on the Pueblo Levee walls.

2. Forest Archuleta Soto "My Favorite Corner" 24 x 36

We were trying to illustrate a comfort spot. A place where people can go and see it and be reminded of the places where they feel the most at peace. Something that will evoke that sense of home that we all feel here.

3. Shannon Kelsey Palmer "The World Is A Beautiful Place" 24 x 60

I painted these eyeball flowers in one of Pueblo's local businesses and wanted to bring more of them to life along the River Levee! The design is a contemplation on life, as is a recurring theme in much of my work. A playful blue line plays with the shapes and adds dimension to the levee walls.

4. Azaria Mendoza "Flourish" 24 x 36

Flourish is a continuation piece of my first mural nourish. Nourish is about nourishing our community and supporting each other. While flourish is the sequel, while once we have nourished our community we can then flourish and thrive.
