Special notice was taken of Voucher No. 11100 to S. F. Elliot in the amount of \$401.00, covering purchase of Tax Certificates on lots as listed. It was deemed advisable that this property be purchased in this manner so that the District might well protect its interest in the property feeling that the property could be sold in a manner that would protect the District in its total investment of Certificates.

Mr. Holmes called attention to the fact that in the meeting of January 22, 1947, the value of the property at 309 South Union Avenue, which the District had acquired through Tax Title was estimated to be less than \$500.00 and that the Secretary had been instructed to try to get an offer for the property of as much as \$400.00 in order to effect a quick sale.

In April, Mr. Hervey Sheldon offered \$500.00 for the property at which time Mr. Holmes authorized the Secretary to make the sale to Mr. Sheldon. The Secretary reported that the deal was closed on this basis. It was moved by Mr. Mathis and seconded by Mr. Holmes that the action of the President and the Secretary in selling this property be approved.

The Secretary called attention to the fact that in more than thirty instances the District holds Certificates where the assessment is based on land and on improvements now non-existent. The Secretary submitted a formula for calculating a compromise settlement which would enable the District to realize the full amount of back taxes applicable to the land only and also the taxes applicable to the land only for future years to and including 1955.

Mr. Holmes made a motion which was seconded by Mr. Mathis and carried to the effect that the Secretary be permitted to make use of the formula he had submitted; it being understood that in each instance where it appeared desirable to make a settlement that the attorney for the District prepare a petition to the Court and submit to the Court an order for approval.

There being no further business the meeting adjourned.

Secretary
