Holmes read a letter from the Corps of Engineers of Albuquerque, New Mexico, dated October 1, 1957m commending the District on the excellent maintenance job that is being done.

Holmes presented to the Board the Easement prepared by Attorney Rose for the State of Colorado Highway Department fill across the old river channel for the new Freeway Crossing east of Santa Fe Avenue. He also presented the document by the State Highway Department pertaining to the payment to the District for such Easement right-of-way. Relative papers are filed in the office of the District in the Colorado State Highway Department folder.

Next was presented a copy of a letter Milo J. Flanders had written to Matt Kikel, District Attorney, with reference to the statute regarding the covering of ditches. Holmes gave a full explanation of all meetings with Rose, Kikel and other interested parties regarding said letter. No further action has been taken. Papers pertaining to this meeting are on file in the Milo J. Flanders folder in the District office.

Holmes then took up with the Directors regarding certain work needed to be done in the river channel, as suggested by Engineer Elliot, and was authorized to proceed with such work.

It was explained by Holmes that he had had Engineer Elliot make a survey establishing certain elevations with reference to the main levee on the river. the emergency levee just east of the ball park, the Missouri Pacific right-of-way at the Southern Colorado Power Company culvert and the earth dike at the east side of ~~the~~ Santa Fe Avenue at the outlet of the Southern Colorado Power Company syphon.

Holmes was authorized to do such work as is necessary to protect against overflow of spillway water in the old river channel on the east side of Santa Fe Avenue.

There being no further business, the meeting adjourned.

Elliot D. Greene
Secretary
