13144	S. F. Elliot	10.00
13145	L. M. Rhoades	10.00

RECORD OF PROCEEDINGS

100 LEAVES

Holmes reported that the City of Pueblo wants to take about 8000 or 9000 tons of sand and gravel from an area near the Barrier Dam. A price of 3¢ (Three Cents) per ton was agreed on, subject to approval of the Conservancy District Directors at this meeting. Mathis moved and Rhoades seconded a motion, which was unanimously carried, approving of the 3¢ per ton price.

Holmes reported Edward Boyle of the Certified Concrete Company wants to lease some of the land the District bought from The Fountain Sand and Gravel Company in December 1951. The Directors referred the matter to Holmes and Elliot for investigation.

Holmes read a letter from the City of Pueblo regarding construction of a fence bordering the Elizabeth Street Extension. A map was submitted by the City of Pueblo showing location of the fence. S. F. Elliot, the Conservancy District's Engineer, examined the map submitted by the City showing location of the fence. Elliot reported the map was all right.

Holmes stated that in view of the fact that the City of Pueblo had filed with the District a copy of a plan and specifications for the extension of Elizabeth Street between South Main Street and Santa Fe Avenue, said plan and specifications being satisfactory to the District, he had therefore executed the conveyance of an Easement, which had been authorized in the meeting of March 21, 1958 and further authorized by Resolution in the meeting of April 25, 1958. (Reference is made to the Minutes of these two meetings.)

There being no further business, the meeting adjourned.

Edward D. Green
Secretary

Read and Approved:

J. M. Holmes
W. J. Mathis

Easement and Certified Copy of
Resolution recorded in County
