

RECORD OF PROCEEDINGS

100 LEAVES

MINUTES OF THE RECESSED MEETING OF THE PUEBLO CONSERVANCY DISTRICT ON DECEMBER 1, 1987

The meeting was called to order by the Chairman at the office of the District, 111 E. 5th Street.

DIRECTORS PRESENT: K. Farley, G. Sandstrom and P. Kelly
OTHERS PRESENT : Attorney Ward and Engineer Koester

The meeting was called to order at 2:30 P.M. to discuss the proposal by the City of Pueblo, to modify the plan of remodeling of Union Avenue Bridge.

The plan is to provide access to the maintenance road below the bridge from the south end of Union Avenue bridge by a ramp or stairway, so that maintenance crews would have entry at Union Avenue and at the same time, provide access to the trail system at Union Avenue as a benefit to the City Parks System. Most discussion was concerned with the liability this District would be assuming and that design of the ramp or stair could be accomplished later, but get the City to incorporate any modification to the bridge rail (if allowed) now before the construction begins in February 1988.

Further consideration of proposal will be given at the next regular meeting.

There being no further business the meeting adjourned at 3:15 P.M.
